I decided to beat the odds.

Your Provider Understands Your Addiction
Your path to recovery may begin with MEDICATION ASSISTED TREATMENT

60\% of people taking Suboxone (buprenorphine) were not misusing drugs after 30 days of treatment and 59\% were still not misusing after 6 months of treatment.*

NH STATEWIDE ADDICTION CRISIS LINE
If you or someone you know is experiencing a substance use or an addiction-related crisis
1.844.711.HELP (4357)

Manchester Community Health Center
145 Hollis Street,
Manchester, NH 03101
